

THE TRUTH ABOUT PENSIONS

The union is promising Associates will get \$5,200 a month in pension in just 5 years.

The truth is:

- **Pensions are a subject of collective bargaining.**
- **For you to get a pension, ADUSA Transportation would have to agree to it in negotiations.**
- **The Central States Pension Fund has historically been in trouble.**
- **In fact, they recently had to pay the US Government back \$128 MILLION because they were asking to fund dead people.**
- **Any employer would think long and hard before agreeing to get involved with a fund like this (or any pension fund).**

The union cannot guarantee you a pension and they know it.

VOTE NO on OCTOBER 9th or 10th
